

**SCALE, THE SYMPOSIUM FOR COSMETIC AND LASER EDUCATION PROUDLY PRESENTS:**

The Symposium for Cosmetic Advances and Laser Education (SCALE) invites you to be an essential supporter of the 2022 SCALE Up monthly webinar series. Each month we host an educational webinar with a carefully curated agenda and expert faculty members covering innovative topics in medical dermatology or cosmetic dermatology. Our monthly series was first introduced in 2020 during the pandemic with one objective in mind, to provide valuable education and engage with our attendees and sponsors safely from afar. Due to the overwhelming response we have received, we are pleased to offer this valuable educational webinar series again in 2022.

As a sponsor, you will be provided a virtual space on the webinar platform and the opportunity to engage with attendees before, during and after the webinar. All webinars are recorded and available for 90 days on the virtual platform for continued access for attendees and sponsors. Attendees of the webinar are encouraged to visit with the sponsors on the platform and incentivized with an attendee leaderboard and the chance to win prizes. We hope you will consider joining us as a sponsor and adding the SCALE Up webinars to your educational calendar. We look forward to discussing the opportunity with you and making your participation a success.

Brian S. Biesman, MD and Michael H. Gold, MD  
Co-Directors of Music City SCALE
